Task 1

Hi Alfonso,

Thanks for your text. I had a great weekend. I went to Seaforth and I stayed with Lee.

I travelled on Saturday morning. I got to Seaforth at 11am. Lee couldn't meet me at the bus station but her flatmate, Ben, came. First we went to Lee's flat. It's very **spacious**. The rooms are really large.

Then Lee and I went to the beach and we had lunch in a café by the sea. It was sunny but we didn't sit outside. It was quite **chilly**. After lunch we went for a walk on the beach. We walked a long way and Lee walked fast. I felt very tired.

In the evening Lee cooked dinner and her friends Tim and Jun came to the flat. They were very **sociable**. We chatted about college and our studies. It was fun.

On Sunday morning, we left Lee's flat early and ate at a café. I got the train at 10 o'clock. I slept on the train.

See you soon.

Love Yvette

Fascinating fact file of the week

People spend one third of their lives asleep! A refreshing night's sleep is important for good health. However, people need different amounts of sleep at different times in their lives.

Babies spend most of their time asleep. They sleep for up to 16 hours a day. They grow a lot in their first year and sleep helps their brains develop. Children between 3 and 16 years old need 10 hours' sleep because they are growing and learning all the time too.

Adults usually have about 8 hours sleep each night. When they don't have enough sleep they find routine tasks more difficult. They can also get headaches or fall asleep during the day. However, there are some extraordinary men and women who need very little sleep. Florence Nightingale, the famous nurse who lived in the 19th century, only had 4 hours sleep a night!
