

IF I WAS AN ELEPHANT

Annette Kosseris

If I was an elephant
With my own trunk-nose
I could water the garden
With my own special hose!

On hot days I could flap my ears
To make my own breeze,
And turn my special fan on
At any time I please!

I've often thought about it,
The fun that it could be...
But then I said "Nah...
I'm happy being me!"
