## Sight Reading Strings – A progressive method

- ▶ Attractive, progressive methods providing a carefully paced approach to the sight reading requirements of Trinity grade exams for strings

- ▶ Wide range of classical genres, with duets featuring recognisable tunes (nursery rhymes, folk tunes, and at later grades famous classical masterpieces)
- ▶ Level-appropriate sight reading tips throughout, both general and specific to the instrument
- ▶ Duets conclude each lesson, encouraging the development of ensemble sight reading skills – not required for grade exams, but vital in building confidence and rhythmic fluency
- ▶ Official Trinity specimen sight reading tests conclude each grade section

## Take Your Bow

**Take Your Bow** is a collection of 20 concert pieces for beginner string players written by Celia Cobb and Naomi Yandell. Years of string teaching have given them the inspiration to produce pieces which will both delight and engage. Their imaginative writing strengthens rhythmic and stylistic concepts, whilst employing a variety of adventurous playing techniques that students will find to be a fun and achievable challenge.

Each piece is compatible with any of the other instruments in the series, in any combination, making it an excellent resource for individual or group teaching. **Take Your Bow** is available in 4 individual editions – for Violin, Viola, Cello and Double Bass, each with piano accompaniment – and as a separate full score.

## Acoustic Guitar Exam Pieces from 2020 – Valid Indefinitely for Graded Exams

Trinity's Acoustic Guitar Syllabus from 2020 reinvents the popular Plectrum Guitar syllabus, keeping it vital and relevant to today's guitarist by giving teachers and learners the flexibility to develop fingerstyle and plectrum playing. A selection of the best-loved pieces from the previous syllabus has been retained at every grade for continuity.

Three books of graded repertoire contain all of the pieces on the syllabus, each book spanning three grades.

Featuring both fingerstyle and plectrum techniques, the books cover a wide variety of genres, allowing candidates to follow distinct stylistic pathways – jazz, blues, country, folk, Latin, pop. Duets are included up to Grade 5, and arrangements of well-known works sit alongside pieces specifically written for the syllabus.

All pieces are printed with both score and TAB notation so are accessible for any learner, and backing tracks are included as a free download.

Commissioned for Black History Month 2025 and premiered by the BBC Symphony Orchestra, this vibrant orchestral piece pays tribute to the extraordinary and often overlooked life of Joseph Bologne, Chevalier de Saint Georges.

### About *Return to History*

Letanka's composition is inspired by Joseph Bologne, a virtuoso violinist, fencing champion, military leader, educator and composer born in 1745 in Guadeloupe to an enslaved Senegalese mother and a French nobleman. Taken to France as a child, Bologne excelled academically and artistically, becoming widely regarded as the greatest swordsman in Europe by the age of 17 and later a musical pioneer whose compositions for strings redefined the way composers approached the string quartet. Praised by John Adams, the second President of the United States, as 'the most accomplished man in Europe', he also taught Marie Antoinette to play the piano and led an army of men during the French Revolution.

The catalyst for *Return to History* came during a school workshop, when a 7-year-old girl shot her hand into the air, saying 'It's like someone ripped out his page from our history book. He was stolen from our history.' Her words became the emotional foundation for the piece: a call to reclaim erased stories and rediscover brilliance lost to time.

*"That such an extraordinary figure was sidelined by history simply because of the colour of his skin has always seemed astonishing to me, and it made me want to share his story."*

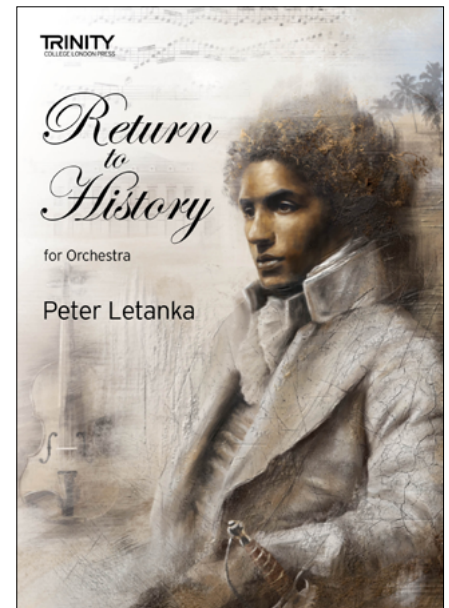

– Peter Letanka

### About the Composer

Peter Letanka is an internationally recognised jazz pianist and composer. A graduate of Leeds Conservatoire and the University of Augusta, Maine, he formed The Pete Letanka Trio early in his career and was swiftly signed to British jazz label Zephyr Records, who released his debut album *Afrostocracy*.

He has performed at major venues including Ronnie Scott's, the Royal Festival Hall and the Concertgebouw in Amsterdam. His diverse compositional work includes two film soundtracks – the Warner Bros. documentary *Stanley Kubrick: A Life in Pictures* and the feature film *Morlaix*.

Letanka's music has featured at the BBC Proms, on international stages and in collaborations with leading artists, including actor singer Julian Ovenden and Broadway star Sierra Boggess. His arrangement of Andrew Lloyd Webber's "With One Look" appears on the album *From a Distance*.

## **NEW** Improvisation: Every Musician's Complete Guide

This two-volume guide is for anyone who is curious about the art of improvisation, and contains all the information and inspiration you need to improvise with confidence and enjoyment.

Volume 1 teaches the rudiments of music, including scale and chord construction, then goes on to embellishing a melody and making up your solos in a variety of styles. Volume 2 goes much deeper, covering complex harmony and rhythms, and a wide range of patterns, techniques and styles.

Included are hundreds of downloadable demo and backing tracks in different grooves, showing common lines, licks, and progressions that form the basis of many great solos. By the time you finish Volume 2, you should be able to improvise over most chord sequences and song forms that you'll encounter.

**Instrumental Music Teaching: Perspectives and Challenges**

Instrumental music teaching and learning is a major part of music education in almost all cultures and traditions and many young people's lives are enriched by playing a musical instrument. How musical instruments are taught varies considerably across different musical traditions, and digital technologies and social media mean that young people now have much more choice about how they learn musical instruments.

*Instrumental Teaching: Perspectives and Challenges* has an international authorship. Its thirteen chapters explore major themes in instrumental music teaching including creativity, assessment, motivation, access and inclusion and the use of music technology. Other chapters examine recent research into instrumental teaching and learning, historical perspectives and the relationship between the teacher and musician identities.

This book is an important publication for all involved in music education, and in particular it provides an opportunity for those whose role includes teaching musical instruments to reflect on their practice. It will also be an invaluable resource for those engaged in research into instrumental teaching and learning as well as those supporting the professional development of instrumental music teachers.

## Introducing Theory

TCL 024107  
ISBN 978-1-80051-473-7

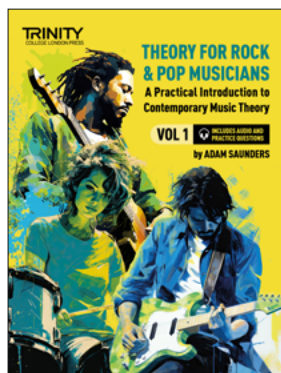

This book has been designed to help the beginner student to read and write commonly used musical symbols, providing a firm grounding in notation from which to progress onto Trinity's Theory of Music Workbook Grade 1. Written by Naomi Yandell, author of Trinity's popular Theory of Music Workbook series.

There is ample opportunity to practise each element throughout this workbook, with symbols often explored in more than one way to build deeper understanding and to consolidate the learning.
