This examination paper contains two tasks. You must complete both tasks.

Task 1 – Reading into writing task

You and a friend are planning a trip to England and want to go for a walk in London. Read the text below and then, **in your own words**, write a letter (approximately 150 words) to your friend explaining:

- i) which walk you think will be the most suitable for you and your friend **and**
- ii) why the other two walks do not interest you.

Walks in London

Take a walk around London and discover what the capital city has to offer. There's lots to explore and some great rivers, parks and attractions!

River walk – 7 kilometres

This walk will take you along the River Thames. You will pass a number of landmarks, both modern and historical, including the London Eye, the Tate Modern art museum and Southwark Cathedral. You will also see eight of London's many bridges. If you do the walk on a Thursday or Friday, you can buy some traditional English food at Borough food market.

Park walk – 8 kilometres

Escape the city and discover London's largest park – Richmond Park. This relaxing walk starts at the Gate Café and it will take you around the park. You will enjoy the lovely scenery of Richmond Park. With its woodlands, flower gardens and famous deer park, it's one of London's most beautiful treasures. Bring a picnic and really enjoy the beauty of the park.

City walk – 5 kilometres

See some of the oldest parts of London including the Roman wall and the places where the Great Fire of London started and ended in 1666. Tourist attractions include the Bank of England, the Museum of London and the Tower of London. A weekend is probably the best time to do this walk, as there will be less traffic and people.
