### Task 1 – Long reading

Read the following text about Iceland and answer the 15 questions on page 3.

#### Paragraph 1

Iceland is in the North Atlantic Ocean. The capital city, Reykjavik, is the most northern capital city in the world. It is only three hours by plane from London and almost six hours from New York.

#### Paragraph 2

Eleven per cent of Iceland is covered by ice and it's an island. But it isn't only famous for ice. In fact lots of people call it the 'Land of Fire and Ice'. The country has 200 volcanoes, and 20 volcanoes are active. There are also many waterfalls and hot pools. Almost all of the electricity and heating comes from water power.

#### Paragraph 3

The Icelandic flag is red, white and blue to show the main features of the island. The red is for the island's volcanic fires, the white is for the snow and ice fields of the island, and the blue is for the sea.

#### Paragraph 4

People in Iceland speak Icelandic and it's more than a thousand years old. It hasn't changed much, although modern Icelandic has new vocabulary. Today schools teach Danish and English as well. People don't pay for school in Iceland. Surnames or family names aren't used in Iceland. People use their father's first name as a surname. The telephone book lists people by their first name. If more than one person has the same name, a person's job might be listed.

#### Paragraph 5

There are plenty of activities in Iceland. The national sport is handball and it's very popular with children. They also enjoy swimming. In June and July there are 24 hours of sunlight and this is good for visitors who can enjoy midnight golf. They can play all day or night and then go swimming in one of the hot pools. Another big attraction for tourists is whale watching.

**Text B****Katy's website****about me****recipes****tips****links**

Hi, I've always loved eating healthy food but I didn't know how to cook. In fact, like a lot of young people, I didn't have much time to cook.

Then two years ago I did a cooking course and it's changed my life. On the course I learnt how you can make great meals in just half an hour. I thought cooking was difficult but it wasn't – and it was fun. The teachers also showed us websites with lots of recipes and ideas for cooking. We also learnt to cook with ingredients that weren't expensive.

On this blog I want to share my ideas for healthy meals that are quick and cheap to make. Each day I'll show you a different recipe and I invite you to tell me what you think. So, if you love great food, try my website and let's enjoy healthy food!
