## Contact Details

The Centre Details page is where your centre's contact information is stored: correspondence address, telephone number(s) and email address.

It is important to keep this information up to date because it determines where we will send any exam materials or updates. It will also be shown on examiner itineraries so that examiners can contact you.

You can update the information at any time by typing in any changes. Note that there is no Save button, changes are automatically saved when you click away from the Centre Details section of the screen.
