**Task 1**

Hi Jill

How are you? Thanks for your email. You asked about my holiday to Barchester. It was great!

My best friend Caroline came with me and we stayed with my cousin Jenny. We arrived on Friday afternoon and went to the city centre. It was **fantastic** for shopping. There were so many **huge** stores with a lot of floors and different departments and things to buy. That evening we went out to eat dinner. I had Japanese food for the first time and I enjoyed it.

Jenny's friend had her birthday on Saturday. In the evening, we went to her party and had a barbecue in the garden. On Sunday we went to the beach. It was so hot and sunny. Caroline swam in the sea, but I didn't. The water wasn't warm. We were **exhausted** on Sunday night. We stayed at home!

I didn't want to come home! When are you going to visit me?

Love

Sandra

**Task 3****Did you know?****Fascinating fact file of the week**

Wild cats are very interesting and unusual animals. They are similar to cats in a town, but there are some differences.

Wild cats come from Africa, but you can find them in some European countries too. They are bigger than town cats. They have longer legs and they are stronger. In many ways wild cats are more advanced than humans. For example, they are very good at climbing and they can see more detail than us in the dark. Cats are very good at catching small animals like mice. This is because they have very good hearing. They can hear a mouse more easily than we can.

Wild cats make many different sounds. These interesting sounds mean different things. They show their feelings with their body, for example angry cats put their ears back.

Wild cats are different to town cats, but both are beautiful.

**20.** Wild cats are

- A larger than town cats
- B smaller than town cats
- C the same size as town cats

**21.** Wild cats

- A can hear very well
- B cannot climb very well
- C cannot see well at night

**Questions 22-24**
