## Task 1

**Top tips for managing your time****Paragraph one**

We never seem to have enough time nowadays. Even though we live in a world full of time-saving **appliances**, we still struggle to get everything we need done. We have microwaves which cook our ready-meals in minutes, dishwashers which we fill with our dirty dishes, and so many other things. Some people believe that this is because our lives are busier. I do not agree. Life now is much easier than before.

**Paragraph two**

**C (Example)**. We could have every single time-saving invention and you would still find people arriving late for **appointments** or missing deadlines. What people need to do is just follow a few simple time management tips.

**Paragraph three**

**1.** ..... Look at what you need to do, decide what is most important and do that first. I write a 'to-do' list and then number each thing I need to do based on how important it is. I write up to ten things I need to do and if I do not get the last one or two done, it is not too much of an issue.

**Paragraph four**

**2.** ..... I usually get everything done and that is because I use my time much more effectively. For example, instead of checking my emails every time I get a notification, I now check them at set times. I have switched off the sounds on my phone and computer which tell me when I have a new email.

**Paragraph five**

**3.** ..... I would get emails every day asking me if I could do something. Sure, I want to help but I cannot do everything and other people just have to **accept** that.

**Questions 1-3**

Four sentences are missing from the text on page 2. Look at the following sentences (A-E) and decide which one best fits each gap. There is one sentence you do not need and an example. Circle the letter of your answer **on your answer sheet**.

- A We just do not have enough time nowadays.
- B However, these days that is rarely the case.
- C (Example) ~~The problem is we just do not manage our time properly.~~
- D I have also learnt to say no.
- E Probably the most important one is to learn to prioritise.

**Questions 4-6**

Choose the letter of the closest meaning for each word. Look at the text carefully to help you decide on the best answer. Circle the letter **on your answer sheet**.

**4. appliances** (paragraph one)

- A ready-meals
- B electrical items
- C ways of working
