

Activity 3: Sharing a discussion

Hand out: Sharing a discussion

Activity A – Task 4 Practice

In the Group Discussion phase you have to:

- ✓ **exchange information**
- ✓ **give your opinions**
- ✓ **make plans together**

With a partner, take the following prompt and do the above three things

You have a new classmate who has just arrived in the UK. You want to organise a day out to help them get to know the area. Talk about the places you can go and plan the day together.

*Using the following expressions, talk together for **8 mins** and see how many expressions you can include in your conversation.*

- How shall we plan this?
- What shall we do first?
- How about if we.....?
- Perhaps we should.....
- If you do/arrange/try X, then I could do/arrange/try Y.
- I'm not sure that would work. Instead, maybe we could.....

Keep track of how many expressions you can include and see who has the most!
