The exemplar material in this document is intended to support candidates in their preparation for the supporting tasks in the ATCL Performing Diploma in Speech & Drama. This material is for practice only and should not be used for the recording of the actual exam.

Stimulus material for the Supporting Tasks is published every two weeks on a Thursday at [trinitycollege.com/digital-drama-grades-supporting-tasks](http://trinitycollege.com/digital-drama-grades-supporting-tasks) and [trinitycollege.com/digital-drama-diplomas-supporting-tasks](http://trinitycollege.com/digital-drama-diplomas-supporting-tasks). All stimulus material is available for two weeks and candidates must record and upload their tasks during that week. For example, if candidates use stimulus material featured online during the period of 8<sup>th</sup>-21<sup>st</sup> April, their recorded material must be submitted for assessment during that same week. Any material submitted without the correct period's stimulus material will be referred.

The materials should be used with the information published in the [Support Guide](#) for Digital Drama Grades and Diplomas.
