Introduction

This sample examiner plan has been created to help GESE teachers understand the structure of the Grade 4 Graded Examination in Spoken English (GESE) more clearly so they can prepare candidates more effectively. When delivering GESE, our process is for Trinity College London GESE examiners to prepare test plans using guidance documents and speaking prompts developed by the Technical Content team. This document simulates this process using a combination of publicly available materials and bespoke materials designed for this purpose.

When reading this document, please also refer to the [GESE Specifications](#) for detailed information about test stages, grades, format, procedures and assessment.
