

Get ready for success with ISE: Integrated Skills in English

English language skills for study

An ISE qualification provides valuable evidence of your ability to communicate effectively in English. Preparing for Trinity's Integrated Skills in English (ISE) exams helps you develop the English language communication skills you need for your future. This is because the type of tasks you will practise for the exam are also relevant for college, university and for employability purposes.

How do I get an ISE qualification?

There are **two** exam modules you need to pass to get an ISE qualification:

Reading & Writing

Module certificate shows:

- ▶ Reading result
- ▶ Writing result

Speaking & Listening

Module certificate shows:

- ▶ Speaking result
- ▶ Listening result

You need to pass BOTH modules to get the ISE qualification certificate

You can take both modules of an ISE level together – or build your ISE qualification over time by taking each module when you are ready. Ask your tutor or visit our website for details: trinitycollege.com/ISE
